

LSFS10

She is also on the YTS childcare course, training to be a nursery nurse. Blonde, rather plump, quite a perky mischievous face. Aged 19. Tended to talk fast and merge words a bit. Quite willing to be interviewed but didn't give very elaborate answers. Dressed in sloppy T-shirt and trousers. Has a steady relationship with her boyfriend who was allowed to stay at her house with her. Parents were very liberal and they liked her boyfriend. It seemed like a longterm thing. He is her first relationship. She was quiet and serious when talking about her relationship, and sensible about sex. Always uses protection, is on the Pill.
